SAFETY PROTOCOL FOR KCBS JUDGES

The EffingHAM-JAM committee has established the following guidelines for professional teams to be in compliance with the Effingham County Health Department. ******These guidelines are subject to change/cancellation.***

- Judges will need a clean pair of disposable gloves per round of judging entries. (i.e. 4 pairs minimum in a Master Series contest).
- The use of disposable utensils if provided by the organizer is encouraged and changing of the single use gloves between categories is mandatory. Never reuse your gloves, do not reuse disposable utensils between categories. -Gloves can be removed by the judge while judging samples and filling out comment cards. Please use hand sanitizer before filling out comment cards.
- New gloves must be applied before handling the next category.
- Only essential personnel allowed into the tent. All Judge/Team meetings held as Open Air as possible. If possible, any judging tents used should have at least one open wall.
- Table Captains will not take a seat to create more separation between the judges. Organizers and Reps should coordinate in advance to determine ample space and table configuration to ensure judges are kept 6 feet from one another.
- Leftovers automatically disposed into trash. No Extras tables.
- Trash carried out of tent between categories.

By signing my name, I hereby agree that I have read and understand the safety protocol guidelines listed above and will follow them as listed above.
